Albert J. Jovell, MD, DPH, PhD (UIC, Spain)

Maria Dolores Navarro, MD, MPH, PhD (UIC, Spain)

John McDonough, PhD, (HSPH, Cambridge, USA)

## Coordinators

Begoña Barragán (UIC)

Mabel Diez-Caballero (UIC)

## Location

Harvard Faculty Club, in Cambridge, Massachusetts

## PROGRAM

### First day: Tuesday, July 9<sup>th</sup>

**Introduction.** The impact of the crisis on various regional systems and the responses that have either made, rejected or that are being considering.

**Options and Impacts.** When budgets go down, and systems respond, how should the consequences of those decisions be analyzed?

**Rational Resource Use.** What are the conceptual, ethical and practical issues in using quantitative techniques to guide resource allocation decisions.

**Priority Setting.** This case poses the question of priority setting in the context of a decision of what medicines to add to an essential medicines list in a fictional South American country.

### Second day: Wednesday, July 10<sup>th</sup>

**Implementing Rational Resource Use.** The nature of clinical practice and physicians' response to changing clinical decisions. The use of guidelines and pathways. Tools for enhancing compliance: incentives, education and peer pressure.

NCD I: The role of Primary Prevention.

NCD II: Secondary Prevention for Chronic Disease Care.

NCD III: Acute Events.

### Third day: Thursday, July 11<sup>th</sup>

Introduction to Professional Motivation.

Leading Professionals in Troubled Times.

Taking charge: process improvement (1).

Process improvement (2).

## Fourth day: Friday, July 12<sup>th</sup>

New delivery modes and models.

Summary and closing.
